Olipad 3

The **Olipad 3** is the new multimedia tablet from Olivetti, providing hi-tech hardware solutions and versatile software applications. Ultra-slim and lightweight, this compact portable device with a 10.1" high-definition touchscreen display maximises manageability and practicality.
Its features integrate perfectly with rapid accessibility to web content, guaranteed by 3G (HSPA + 21 Mbps), Wi-Fi and Bluetooth modules.
The Olipad 3 is based on Google's Android 4.0 operating system (Ice Cream Sandwich), which, together with the powerful quad-core 1.4 GHz NVIDIA 3 processor, optimises the device's outstanding hardware to make this tablet the top performer in the 10.1" category.

• LIMITLESS CONNECTIVITY
The 3G (HSPA + 21 Mbps), Wi-Fi and Bluetooth modules ensure immediate connectivity, anywhere.
The Olipad 3 also supports Adobe Flash Player for limit-free access to all web content.

• DESIGN
The Olipad 3 tablet combines technologically advanced performance with the essentiality of a highly functional design. With its ultra-slim profile (8.6 mm) and low weight (less than 571 g), the device comes with a high-definition panoramic screen, ideal for full enjoyment of image and video quality.

• MULTIMEDIA
The Olipad 3 is an interactive multimedia platform, supporting video, images and music. The 8 megapixel camera allows the user to take high-quality photos, record videos and share them in real time on the internet or social networks.

• PERFORMANCE
The Olipad 3 runs a 1.4 GHz quad-core NVIDIA 3, an innovative mobile processor delivering rapid and reliable content processing. The Android 4.0 Ice Cream Sandwich system, the latest version of the Android platform, provides efficient management of multitasking, updates, home page personalisation and widget re-sizing.
